Unique water drainage design will automatically collect and draining residual water to flow back to the shower room.

BEARING STRUCTURE

Mute, smooth, and wearless during push and pull to extend service life.

FICO SHOWER ROOM

BLACK SHOWER HINGES

Black has always been a classic color.
Nature endows this kind of deep,
introverted and sedate color,
never making public, frivolous or even Mu Na.
However, its mature, stable and reliable nature is the
permanent color of shower design.
With the minimalist and fashionable hardware
accessories, black can be reborn!

FICO SHOWER ROOM

BLACK SHOWER PIVOT

Once upon a time, we were tired of magnificent design aesthetics and it was inevitable to return to pure design. The fast pace of life has left us breathless, and we are already very tired. Elegant and simple shower design, quiet shower space, ease the mood, slow down the pace. Six, must have the sentiment to the life, must have the pursue to the shower, is not multifarious is good, on the contrary, contracted, exquisite, is the best life choice.

FICO SHOWER ROOM

GOLDEN SHOWER HINGE

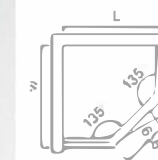

Gold is everlastingly unchanged. Gold represents for glory; gold represents for extravagance. It is the embodiment of the royal family, is the color of the wealth on people's mind! The golden hinge and hanging clip highlight the aristocratic atmosphere and style. Bathing in this space is just like staying in the royal palace, giving royal temperament in the heart! Coupled with the wonderful arc design, square and round heaven-made sections, strong elastic hinge, solid and durable pure copper material are the necessary factors for a high-end product!
